

Social Media Policy

Purpose

This policy sets out Whitwood Golf Club's expectations on the use of **social media websites**.

Objectives

To ensure Whitwood Golf Club Members understand the guiding principles and terms of use of social media websites and to encourage the development of an understanding of both the benefits and constraints in using social media.

Guiding Principle

When any individual identifies their association with Whitwood Golf Club they are expected to behave appropriately, in ways that are consistent with Whitwood Golf Club values and policies.

Background

The Internet provides many opportunities to communicate with other individuals, other Members and the community. Social media websites provide the opportunity for Members to promote the community of Members and Club activities. Members should be aware that the use of these websites can also be abused and potentially damage the reputation of Whitwood Golf Club and in extreme cases result in legal proceedings.

The web is not anonymous. Users of social media websites should assume that any comments made by them will be able to be traced back to them as individuals or to the organization in general. When using social websites, Members need to make a clear distinction between their activities as a Member and their personal activities undertaken outside of Whitwood Golf Club.

The Internet is a fast moving technology and it is impossible to cover all circumstances. This policy aims to provide guiding principles to help to exercise good judgment as well as providing specific detail on behaviour that must not be undertaken.

Scope

This policy covers all forms of social media and applies to Whitwood Golf Club Members. It does not apply to personal use of social media websites when the Member:
